Pakistan ISI Saved World from Nuclear W War 3 on Three Occasions

if Nuclear World War 3 was to kick off

London , 07.04.2022, 11:28 Time

USPA NEWS - Pakistan ISI Saved World from Nuclear World War 3 on Three Occasions

The world owes a huge debt and a sense of gratitude to Pakistan and its world formidable military intelligence The Inter-Services Intelligence (The ISI), for saving the world from Nuclear World War 3, on three occasions said, Shazada Hayat President UICF (UK) and international community welfare campaigner.

The ISI played an instrumental role three times since its existence in 1948, to avert a Nuclear World War 3 catastrophe. The first Nuclear World War 3 was averted and prevented by Pakistan's ISI, when the Soviet Union invaded Afghanistan in 1979.

The United States and other allied countries were poised and at the ready to go into a full-scale Nuclear World War 3 with the mighty Soviet Union (The USSR). Pakistan military supreme command at the time knew full well if a World War 3 was to break out over and in Afghanistan, then this would have a catastrophic effect on Pakistan and the world. Pakistan advised the United States and Britain to refrain from going into a direct confrontation and war with the USSR, as this would be a point of no return and a certain catastrophe for the people of the West, The Soviet Union and the rest of the world.

Pakistan told the United States and Britain the death, destruction and mayhem would be beyond comprehension if Nuclear World War 3 was to kick off. Pakistan military command chiefs further advised that the people of Afghanistan should be given full and comprehensive support for a proxy war, to drive the Soviet Union invading army out of Afghanistan. The United States and Britain agreed to the wisdom of Pakistan. Pakistan gave the task to DG ISI General Hameed Gul, to lead the campaign to help and support the Afghanistan freedom fighters and drive out the Soviet Union from -

invading army out of Afghanistan. The United States and Britain agreed to the wisdom of Pakistan. Pakistan gave the task to DG ISI General Hameed Gul, to lead the campaign to help and support the Afghanistan freedom fighters and drive out the Soviet Union from Afghanistan. General Hameed Gul went to task immediately, with the full support of United States and Britain formed a fighting force of Afghanistan freedom fighters in the name of the Mujahideen's (who are today the Taliban), said Shazada Hayat.

After over a decade of horrendous war between Afghanistan and the mighty Soviet Union there were huge casualties and loss of life, destruction and mayhem. Despite this, the brave Afghan freedom fighters defeated the Soviet Union out of Afghanistan. This defeat suffered by the Soviet Union was the catalyst and demise of the USSR empire. The Mujahideen amazed the world as to what they have achieved, a small nation taking on a world mighty super power and defeated them. The victory by the Afghan Mujahideen, the freedom fighters have gone down as one of the greatest victories of war ever achieved in history. DG ISI General Hameed Gul also carved his name in history for -

- masterminding the success and victory for the Afghanistan Mujahideens.

DG ISI General Hameed Gul and his formidable intelligence service the ISI, averted nuclear World War 3, during the invasion of Afghanistan. The world came close again into an all-out nuclear World War 3 on the second occasion, when the United States invaded Afghanistan as a result of the 9/11 New York attack. The then President of United States George W. Bush poised and before invading Afghanistan told Pakistan in no uncertain terms, "You are with us or against us." Had Pakistan not handled this threat and warning with extreme caution and sensibility, Pakistan, USA/ NATO, Afghanistan, UK, China and India would most certainly have entered into a catastrophic war. Pakistan most certainly would have suffered the brunt of this World War 3, which would have put the nation's existence into the path of calamity. As a result of the United States invading Afghanistan, Pakistan has lost over 80,000 people killed and collateral damage of tens of billions of dollars.

This was due to Pakistan being exposed to the elements of terrorism from all sides and the terrorist attacks were spilling out of Afghanistan and Pakistan, threatening the world which would have led to World War 3. DG ISI General Shuja Pasha took on the

terrorist cells inside and outside of Pakistan and declared a full-scale war on the terrorists. DG ISI General Shuja Pasha achieved an outstanding victory of defeating the terrorist inside and outside of Pakistan who were being sponsored by the foreign intelligence services and the enemies of Pakistan. The victory and the defeat of the terrorist organisations not only made Pakistan safe, but South East Asia and the rest of the world were also made safe. General Shuja Pasha carved his name in the world of espionage as one of the most influential and greatest spymasters in the world. DG ISI General Faiz Hameed upon being appointed the head of Pakistan ISI, also inherited some of the most fragile and difficult times faced by Pakistan and the world. The Muslim countries were being destroyed one by one under the name of "Arab Spring". Pakistan was also on the radar of the enemies of Pakistan and the dark forces for destruction.

This was the reason the fifth-generation hybrid war was declared against Pakistan by foreign intelligent powers. India was being encouraged by the dark forces to attack Pakistan in order that both countries can destroy each other and also drag China into the equation. President Donald Trump of USA and Prime Minister Benjamin Netanyahu of Israel, were plotting and planning to encourage the Kingdom of Saudi Arabia to enter into a full-scale war with Iran so that they can get their wish, which was to destroy Iran and in the process the destruction of the Middle East beyond imagination. General Faiz Hameed and his intelligence service, The ISI was ahead of its time when the Indian Air Force attacked Pakistan on 27 February 2019. The Pakistan Air Force shocked the world with the befitting response it gave to the enemy's ambitious plans of trying to invade Pakistan's air space and territorial integrity.

General Faiz Hameed also conquered the fifth-generation war against Pakistan, which if not defeated would most certainly have led to World War 3. The great skills shown by DG ISI Faiz Hameed and Pakistan's ISI in defusing the tension between Iran and Saudi Arabia,

which was a great milestone in saving millions of Muslim lives in Iran and the Middle East, preventing the destruction of Iran and the Middle East, which was desired by those who wished to be the masters of the Middle East for hundreds of years to come.

Credit goes to DG ISI General Faiz Hameed and the Pakistan ISI for preventing, for the third time, Nuclear World War 3 breaking out in the Middle East. DG ISI Faiz Hameed has also carved his name in the record books of international espionage as one of the world's greatest spymasters. He is also being tipped by the world military strategists as the next Pakistan chief of army staff, which the enemies of Pakistan are most certainly fearing and dreading.

This is done by the enemies of Pakistan and the dark forces, to infiltrate Pakistan internally and internationally by pouring billions of pounds to exploit the media houses in Pakistan and to entice with lucrative offers, politicians who only have ulterior motives and not interested in Pakistan's national interest. These enemies of Pakistan also try and infiltrate and pollute the judiciary system, create public disorder with fake and false news and information to achieve anarchy to lead to civil war and to bring Pakistan onto its knees. Pakistan could not have picked a more appropriate defender during these difficult times than DG ISI General Nadeem Anjum, who is already into full scale battle with the enemies of Pakistan within and internationally and is succeeding on all fronts to protect and save Pakistan.

The enemies of Pakistan are fully aware that DG ISI General Nadeem Anjum is determined to leave his own legacy and carve his name into history, as Pakistan's great commander and world's outstanding and great spymaster.

It is because of the Pakistan world outstanding armed force and the formidable ISI Quaid-E-Azam Muhammad Ali Jinnah envisaged with full confidence and pride left the nation with the golden words, "There is no power on earth that can undo Pakistan," said Shazada Hayat.
